<sup>\*</sup>Exceedance of a quality limit specified in this Licence for the discharge of total suspended solids or turbidity from

Point 7 is permitted if the discharge from Point 7 occurs as a result of rainfall at the premises that is equal to or greater than a 90th percentile 5-day rain event.

<sup>\*</sup>A 90th percentile five day rain event equates to a total rainfall over any consecutive five day period of 50 mm.
